(Docket W-02824A-07-0388)

We, the undersigned, are members/customers ("Customers") of ICR Water Users Association, Inc. (the "Association"). We hereby declare the following positions:

- Certain members/customers of the Association have submitted comments to the Arizona Corporation Commission ("Commission") which are critical of the Board of Directors ("Board") of the Association, and which challenge actions taken by the Board in the rate case docket referenced above. We do not endorse or support the views or positions of these members of the Association with regard to this docket.

- We support efforts by the Board to: (i) ensure the availability of a long-term supply of high-quality water for Customers; (ii) ensure that the Association remains sound financially; and (iii) ensure that residential demands for water take priority over non-residential demands for water, including uses of water for golf course irrigation, artificial lakes and construction activities. We express our confidence that the Board is working in good faith to achieve these objectives.

- We recognize that the Association has not had a rate increase in its history, and we support a reasonable rate increase in an amount to be determined by the Commission in the above-referenced docket.

We, the undersigned, are members/customers ("Customers") of ICR Water Users Association, Inc. (the "Association"). We hereby declare the following positions:

- Certain members/customers of the Association have submitted comments to the Arizona Corporation Commission ("Commission") which are critical of the Board of Directors ("Board") of the Association, and which challenge actions taken by the Board in the rate case docket referenced above. We do not endorse or support the views or positions of these members of the Association with regard to this docket.
- We support efforts by the Board to: (i) ensure the availability of a long-term supply of high-quality water for Customers; (ii) ensure that the Association remains sound financially; and (iii) ensure that residential demands for water take priority over non-residential demands for water, including uses of water for golf course irrigation, artificial lakes and construction activities. We express our confidence that the Board is working in good faith to achieve these objectives.
- We recognize that the Association has not had a rate increase in its history, and we support a reasonable rate increase in an amount to be determined by the Commission in the above-referenced docket.

**Petition by Members/Customers of
ICR Water Users Association, Inc.**

(Docket W-02824A-07-0388)

We, the undersigned, are members/customers ("Customers") of ICR Water Users Association, Inc. (the "Association"). We hereby declare the following positions:

- Certain members/customers of the Association have submitted comments to the Arizona Corporation Commission ("Commission") which are critical of the Board of Directors ("Board") of the Association, and which challenge actions taken by the Board in the rate case docket referenced above. We do not endorse or support the views or positions of these members of the Association with regard to this docket.
- We support efforts by the Board to: (i) ensure the availability of a long-term supply of high-quality water for Customers; (ii) ensure that the Association remains sound financially; and (iii) ensure that residential demands for water take priority over non-residential demands for water, including uses of water for golf course irrigation, artificial lakes and construction activities. We express our confidence that the Board is working in good faith to achieve these objectives.
- We recognize that the Association has not had a rate increase in its history, and we support a reasonable rate increase in an amount to be determined by the Commission in the above-referenced docket.
