

I.C.R. W.U.A. Monthly Operator Notes January 26, 201

Molly Way was flushed twice (Dec & Jan.) and the fire pumps exercised.

The easement road was checked twice (Dec. & Jan.) to insure no leaks or issues with our line

Emergency line repair on Lost Man Canyon in TRR (12/21) was completed the homeowner had issues with sand and rocks in their lines as did the meter and meter setter

All commercial and landscape meters were verified for size and correct multiplier

2" landscape meter was found bad in TRR a replacement has been ordered and will be replaced when we receive it

Meter verifications completed at 13270 Iron Hawk ½% out and 5135 Indian Camp 2% out

Bad meter was found and replaced at 13690 Indian Pony

2 meter installs in Dec. (1) TRR and (1) Whispering Canyon (1) in Jan. TRR

Fire Dept. used a hydrant in TRR for filling tenders to assist with a fire on Nancy Dr. we were not notified of this. Derek talked to the Captain (Dave McConnell) and asked that they notify us in the future when they are using our water system

After the fire event 2 pipe restraints were found broken in the Cooper Morgan boost station they were replaced and more were ordered for stock

Tank repairs were completed on Jan. 18th and 19th CD's are available if you want to look at the repairs

Replaced a 5/8 meter with a 1 meter. The 5/8 was installed by mistake it had to be hand dug with 1" setter and boxes replaced

Well meter verification has started with TRR well #2 we need PO's for the calibration company. to complete the work (3 years already since last calibration.)

The handheld is starting to act up again, Derek thinks it's a software issue with the unit.

Monthly samples were collected and delivered to the lab. (No issues)

All equipment is working properly at this time with the exception of the Molly Way program issue
